## INTRODUCTION

DAWeb was created to support the high volume of Direct Assessments (DA) during the annual property tax roll build-up process. In the past, agencies saved DA files on CDs and mailed them to the Auditor-Controller to process. A lot of time was spent waiting for the CD's to arrive, loading and processing each CD and sending reports back to every agency.

DAWeb is a web-based application that enables agencies to upload and submit Direct Assessment (DA), Public Utility (PU) and Correction (COR) files, along with the corresponding legal documents. Agencies will have the ability to retrieve Parcel Change, History/Detail and Data Transmittal reports immediately after their data files are uploaded and validated via DAWeb. The new application provides a faster turnaround and makes the roll build-up process more efficient. For instance, DAWeb eliminates the agencies' time to create and mail their CDs and legal documents to the Auditor and to receive reports from the Auditor. DAWeb also improves accuracy, privacy and security since the information is prepared, submitted and controlled by each agency.

**NOTE: DAWeb is to be used only during the roll build-up process and should not be used to submit corrections during the rest of the year.**

# RETRIEVE THE PARCEL CHANGE REPORT

\*\*\*IMPORTANT MESSAGE\*\*\*

New agencies can not retrieve the Parcel Change report until the current year data file is uploaded to DAWeb. Please proceed to 'Create the Excel Input Data File' section (P. 33) or 'Create the Text Input Data File' section (P. 42).

Only returning agencies can retrieve the Parcel Change Report in this section.

2A. The **Parcel Change file** for the new fiscal year becomes available at the **end of June**. Returning Agencies will retrieve the new Parcel Change Report by **locating the previous year's Direct Assessment and Public Utility files** by clicking on the **Open Search Panel** tab in the **Inbox**.

The screenshot shows the DAWeb Auditor-Controller interface. The header includes the County of Los Angeles logo, the DAWeb logo, and the Auditor-Controller title. The version is v 2.4.0.0. The user is logged in as 'Welcome, Agency User'. The main navigation bar includes 'Inbox', 'Exempt Parcels', 'Upload File', 'Document Management', 'Upload Document', and 'Create AIS Form'. The 'Inbox' page displays a message: 'NOTE: The checkbox to submit the file will be disabled until all four (4) legal documents are uploaded along with a valid data file'. Below the message are buttons for 'Open Search Panel', 'Submit', and 'Refresh'. The 'Open Search Panel' button is highlighted with a red box. Below the buttons is a table with columns: Fiscal Year, Agency #, File Type, TXN Count, Total DA AMT, Valid, Status, Upload Date, Submit Date, Docs, Report, and Action. The table is currently empty, displaying 'There are no records available.' The page also shows 'Records: 0 - 0 of 0 - Pages: 1' and 'Records per page: 100'.

2B. Enter the **previous Fiscal Year** (enter 2021 in FY 2022) and click the **Search** button to retrieve all of your previous year files.

The screenshot shows the DAWeb Auditor-Controller interface with the 'Search Panel' dialog box open. The dialog box has a title bar 'Search Panel' and a close button. It contains the following fields and controls: 'Fiscal Year' (text input with '2021' entered, highlighted with a red box), 'Agency Number' (text input), 'File Type' (dropdown menu set to 'All'), 'Valid' (dropdown menu set to 'All'), 'Status' (dropdown menu set to 'All'), 'Upload Date' (date range selector with 'From' and 'To' fields), and buttons for 'Search', 'Reset', and 'Close Search Panel'. The 'Search' button is highlighted with a red box. The background shows the same 'Inbox' page as in the previous screenshot, with the table and message visible.

**NOTE:** More specific searches can be done by entering any combination of the **Fiscal Year, Agency Number, File Type, Valid, Status and Upload Date** ranges.

Click the **Reset** button to clear the search criteria and reset the Inbox back to the default search (current fiscal year). Click the **Close Search Panel** button to close the Search Panel.

The screenshot shows the DAWeb Auditor-Controller interface. At the top, there is a navigation bar with the DAWeb logo and the version number v2.4.0.0. Below the navigation bar, there are several menu items: Inbox, Exempt Parcels, Upload File, Document Management, Upload Document, and Create AIS Form. The main content area is titled "Inbox" and contains a note: "NOTE: The checkbox to submit the file will be disabled until all four (4) legal documents are uploaded along with a valid data file". Below the note are three buttons: "Open Search Panel", "Submit", and "Refresh". A "Search Panel" is open, showing search criteria for Fiscal Year (2021), Agency Number, File Type (All), Valid (All), Status (All), and Upload Date (From and To). The search panel also has "Search", "Reset", and "Close Search Panel" buttons. The main content area shows a table with columns: Total DA AMT, Valid, Status, Upload Date, Submit Date, Docs, Report, and Action. The table is currently empty, displaying "There are no records available."

**2L.** Proceed to the following sections once all the Parcel Change Reports have been retrieved:

- **Create the Excel Input Data File (P. 33)** or
- **Create the Text Input Data File (P. 42)**

## CREATE THE EXCEL INPUT DATA FILE

### 3A. Open Microsoft Excel

### 3B. Enter the fields in the following format:

- Column **A** – **Parcel Number** – 10 digits only (**no spaces, dashes or letters**)
- Column **B** – **Assessment Amount** – maximum amount is 99,999,999.99
- Column **C** – **Agency Number** – enter one occurrence in cell C1 only

A screenshot of the Microsoft Excel interface. The title bar reads 'Book1 - Microsoft Excel'. The ribbon is set to 'Home'. The formula bar shows 'C1' and '999.99'. The spreadsheet has columns A, B, and C. A red box highlights the data in columns A, B, and C for rows 1 through 10. The data in column A consists of 10-digit parcel numbers, column B contains assessment amounts, and column C contains agency numbers. The value '999.99' is entered in cell C1.

	A	B	C	D	E	F
1	8765432100	1000	999.99			
2	8765432101	1000				
3	8765432102	1000				
4	8765432103	1000				
5	8765432104	1000				
6	8765432105	1000				
7	8765432106	1000				
8	8765432107	1000				
9	8765432108	10000.2				
10	8765432109	10000.25				
11						

**NOTE:** For Agency Numbers with **leading and/or ending zeros**, cell C1 must be set to Text format before entering the agency number. This will ensure that leading and ending zeros are displayed and not cut off by Excel auto formatting. Please make sure that the Agency number is **5 digits and in 2 decimal format**.

For example, **agency number 009.90 should not be displayed on the Excel file as 9.9 or 9.90** as it will **result in an invalid agency number**.

**Follow the steps below to format cell C1 to Text format:**
